Dear Howard,

The YMCA of Honolulu 2010 Healthy Kids Day was a tremendous success. Over 4,000 people learned many different and new ways to lead a healthy lifestyle. With over forty community organizations, YMCA activities and a day full of live entertainment there was something for the whole family to enjoy.

The financial sponsorship received from Acme Vending was truly appreciated and assisted the YMCA in making this event successful. Thank you for also attending the event and sharing Acme's new healthy vending machine with the community.

Thank you for your ongoing and continual support of the YMCA of Honolulu.

Mahalo,
